EXPERIENCE

EMBASSY OF THE PHILIPPINES
Riyadh, Saudi Arabia
Quickbase Developer & Administrator
May 2018 – May 2022

- Gathered detailed requirements from multiple departments and translated them into robust Quickbase applications tailored to their specific needs.
- Designed, developed, and implemented over 10 Quickbase applications tailored to specific departmental needs, resulting in a significant increase in productivity. Notably, these applications led to a more efficient workflow and reduced workload compared to the previous system.
- Customized workflows, reports, and dashboards to align with departmental objectives, ensuring efficient operations and data-driven decision-making.
- Administered the Quickbase environment, managing user access, application settings, and system health to maintain a secure and optimal platform.
- Leveraged Quickbase APIs to build integrations with external systems, automating data exchange and eliminating manual processes.

EMBASSY OF THE PHILIPPINES
Riyadh, Saudi Arabia
Data Encoder
January 2018 – April 2018

- Entered and updated large volumes of voter registration data into systems, ensuring accuracy and completeness.
- Worked collaboratively with team members to resolve data discrepancies and errors.
